25X1 1. The reaction of people in Albania, [Redacted]

[Redacted] has been good without being enthusiastic. The Albanians inside the country believe that they cannot be liberated without war and without the invasion of their country by a regular army. The Balli Kombetar enjoys a very favorable reputation, and Abas Kupa is highly esteemed. There are many who desire the return of King Zog, but they do not want to have any part of Musa Juka and his associates. People in Albania are happy that the Beys and some of the collaborators of Fascism have been destroyed. They think very highly of Suad Asllani and Professor Gjergj Kokoshi, both in very poor health in the prison in Burrel.*
